SInce the purchase of the East End Centre in 2014, Joe Amato and his hardworking staff have made major renovations to and revitalized the East End Centre. With Joe's unparalleled sense of commitment to community, he immediately offered space to the Kiss Theater Group, a non-profit preforming arts organization whose mission is to educate, entertain and enrich the lives of young people through the arts of theater, dance and song. KISS was joined by Joe Nardone's Rockology, a state of the art "School of Rock" for the area's youth. As families came to the East End Centre, businesses arrived, too. East End Centre is now a thriving open Air Center and is currently in it's final stage of renovation. The Centre has strong roots in the community and is family driven. The same sense of commitment is wholeheartedly applied to our family of businesses. The professional and dedicated staff of Amato Properties will provide you with a level of personal attention and assistance that other property management companies simply fail to provide.
